Relevant Experience

Web Developer
As You Wish Websites, freelancer   2023 - present
I build bold, scalable sites in HTML/CSS, Bricks, and Shopify for small businesses. I build responsive sites, oversee hosting, security and maintenance of sites, and utilize analytics to improve SEO and conversion rates. I design sites in Figma and also offer branding and logo designs, social media support and email marketing. Local clients include companies like SwissClub Marine of GAP Vassilopoulos and Partassides & Co. I also freelance for other agencies, including AB Web Designs and local web developers. Also experienced with Elementor, Divi, and Squarespace.

Customer Success Agent
Locum's Nest   2022-2023
Learned the software's manager and user platforms so as to assist users, troubleshoot, report bugs, problem-solve, and create online user guides. Coordinated with other platforms, and used Zendesk CRM, Jira and Agile frameworks daily. Also ran billing and payroll for the NHS Trusts using the software.

Music Teacher/Coordinator
The Junior & Senior School   2010 - 2022
Led music classes for students aged 2-19 using a variety of e-learning resources and learning management systems. Coordinated after-school music lesson program with 15 teachers and 100+ students.

Center for Music Learning Coordinator and Computer Lab Proctor
University of Texas at Austin   2005 - 2007
As CML Coordinator, I directed activities of the Center, arranged guest speakers, and handled software purchases and records. As lab proctor, I facilitated the use of technical equipment and software, as well as interviewing and training new hires.
